

Angels can be your best friends, guides and confidants. With them around, you are never alone. Sign up here for a one-month WhatsApp program, '[Angel Mornings](#)'. Angels have so much to offer --- wisdom, guidance, healing, love, support, freedom from grief, peace from anger, light in a dark place, focus and direction. Begin each day with the unconditional love of the Angels.

Gift this to yourself, and to those you love. Begin each day with 'Angel Message for the Day', 'Angel Love For the Day', 'Angel Healing For the Day', and 'Angel Meditation for the Day'.

The energy exchange can be deposited into the bank account of Ellaeenah Spiritual Centre. If you wish to gift this program to others as a Valentine's Day heart-offering please provide their names and WhatsApp numbers.
